

TWISTER CONCRETE REMOVER

Remove Concrete, Grout, Slurry, and Large Rocks

Concrete Remover
3mm Front Panel

Concrete Remover
Flat Front Drill Head

The Twister Concrete Remover's dual front brushes provide added stability while the heavy duty front panel with large carbides, and a specialized front drill head with star carbides combine for efficient concrete, grout, slurry, and rock removal.

The front drill head vibrates removing more material and making a bigger hole in front decreasing the risk of the tooling getting stuck.

Optional steering axle can allowing steering with the help of a steering wire. Especially helpful in bends provided the pipe is not full of concrete.

DN100 & 150 (4 & 6") models available with or without a steering axle.

USES, BENEFITS, PRODUCTS, AND SPARE PARTS

- Save costly excavation to remove concrete, grout, slurry, and large rocks from pipes.
- Can also grind offsets in clay and concrete pipes prior to CIPP lining for a superior finish.
- The Twister Concrete Remover is designed to be powered by the Maxi Miller.
- Need more power or working in larger pipes? The Maxi Power+ has the power and multiple tooling options to assist.

Twister Concrete Remover Technical Specifications

Category	Measurement
Pipe Size	DN100 & 150 (4 & 6")
Shaft Size	12mm (½")
Options	Steering Axle
Millers	Maxi Miller
Twister Concrete Remover Product List	
PN	Description
1234085100	Twister Concrete Remover DN100 (4") - FP 85mm (3.3")
1234125150	Twister Concrete Remover DN150 (6") - FP125 (5")
1234085100SA	Twister Concrete Remover DN100 (4") - FP 85mm (3.3") w/Steering Axle
1234125150SA	Twister Concrete Remover DN150 (6") - FP 125mm (5") w/Steering Axle
Spare Parts	
1210510125	Front Metal Panel 125mm (5"), 3mm - Concrete Remover
1210510115	Front Metal Panel 115mm (4 ½"), 3mm - Concrete Remover
1210510095	Front Metal Panel 95mm (3 ¾"), 3mm - Concrete Remover
1210510085	Front Metal Panel 85mm (3.3"), 3mm - Concrete Remover
1210510075	Front Metal Panel 75mm (3"), 3mm - Concrete Remover
1100100055	Steering Axle - 55mm (2 ½")
1100200001	Bearing for Steering Axle
1300215040	Concrete Drill Head - 40mm (1 ⅙")
