

# RENSSI®

## DRAIN CLEANING EQUIPMENT

### RENSSI CABLE CARRIER

- R-CASE-1, cable carrier [cable sold separately]
- R-CASE-2, cable carrier with 15 meters of 6mm cable. Recommended to be used in 35-50mm pipes.
- R-CASE-3, cable carrier with 15 meters of 8mm cable. Recommended to be used in 50-100mm pipes.
- R-CASE-4, cable carrier with 10 meters of 10mm cable. Recommended to be used in 75-150mm pipes.

Only for descaling and soft blockages.

#### Dimensions:

- 470mm x 560mm x 165mm
- Net weight 1.4kg

You can feed the rotator end of the cable through a rubber grommet to be able to operate the cable inside the carrier. Renssi Cable Carrier is delivered with a blank grommet in place and an additional feed through grommet.
